

This is in response to your letter of May 8, 2009 regarding the Amended 30 Day Post-General Report (10/16/08-11/24/08) received 4/20/09. This report was amended because of the letter we received regarding the Year End Report. We found that the 30 Day Post-General Report was filed with receipts that had been keyed into our system with the wrong dates, and the report was filed before the dates were corrected. The Year End Report already included these receipts so they were erroneously reported twice. The Amended 30 Day Report purposely excludes those receipts.
